## MENGIAT BEACH

Mengiat beach is one of the most exotic place in the Nusa Dua area. The beach is inside the ITDC area close to the Novotel Bali Nusa Dua 2.28 Beach Club. It is a perfect beach to come to with children as it has beautiful white sand and the beach is protected by an offshore reef, which prevents waves from breaking on the beach.

## WATER BLOW

Water Blow in Nusa Dua lets you witness the awesome power of nature as large waves from the Indian Ocean constantly crash against the jagged limestone edges on the peninsula's south-eastern cliff. Here you'll find 240 degrees of dramatic seascape, with the irregular splashes and sprays simply adding to the fun of it. Enjoy the sweeping views and approach the Water Blow site at your own risk – the large surges can be dangerous, and there are no lifeguards around. The so-called 'water blows' result from the narrowing crag below the cliff face that channel a massive surge of water up to 30m high from its base following strong currents. The best month to visit Water Blow Bali is around July till October. From July to October, there are sunny seasons in Bali, less chance of rain, and the water splash is high. However, prepare yourself!

## BALI NATIONAL GOLF

Bali National Golf Club is located in The Maj Nusa Dua. Whether you are a beginner, a pro or just a casual weekend golfer looking for a relaxing Bali golf holiday, Bali National Golf Club is an experience not to be missed. Holes 1 through 9 feature creeks, canyons and native vegetation filled with tropical birds, whilst holes 10 through 16 offer the golfer lush gently sculptured fairways through a mature grove. Finally the island green hole 17 and lakeside hole 18 are the challenging finishing holes to test every golfer.
