“A New Door to Nature’s Rhythm”

Hiliwatu, Bali, Ubud, a Tribute Portfolio Resort

To travel to Ubud is to traverse the spiritual heart of Bali

As mist drifts through verdant rice terraces and temple bells echo softly at dawn, Ubud's soul awakens. It is here, in the quiet hillside village of Bresela, that Hiliwatu Bali Ubud is cradled in stillness and calm – a place where time slows and the rhythm of nature becomes your own.

From the undulating layers of Tegallalang's rice terraces to the sacred rivers and artisan trails that wind through the valley, Ubud hums with life and legend. At Hiliwatu Bali Ubud, it is lived, breathed, and woven into every stay.

The Hiliwatu Story:
A Retreat Like No Other

Tucked away across one hectare of lush hillside, Hiliwatu Bali Ubud brings the sacred and spectacular to the jungle-nested heart of Ubud. Designed with reverence for its surroundings, every path, pavilion, and pool embraces the natural contours of the forest.

Hiliwatu— a portmanteau of “Hill” and “Watu”, the Balinese word for stone, embodies the Tribute Portfolio spirit: a collection of hotels that celebrate individuality and character. Every detail reflects authenticity, featuring contemporary design softened by Balinese artistry, tranquil spaces alive with cultural rhythm, and a philosophy of connection that flows like the Ayung River below.

*Stillness or discovery,
Hiliwatu invites you to dwell in
both.*

THE HILIWATU STORY: A RETREAT LIKE NO OTHER

Rwa Bhineda: A Harmonious Welcome

The lotus chandeliers hanging in the lobby of Hiliwatu Bali Ubud represent the Balinese philosophy of Rwa Bhineda, the essential balance between opposing forces.

Just as a lotus flower draws its beauty from both the dark earth below and the light above, this philosophy teaches us that life's harmony is found in the embrace of dualities: shadow and light, stillness and energy.

These blooms remind our guests to find their own sense of balance as they settle into Hiliwatu Bali Ubud.
