Location

Equipoise Resort is located 44–45 km from Ngurah Rai International Airport, with a travel time of approximately two hours. The property sits 15–20 minutes from Ubud's cultural center; Ubud Palace, Ubud Market, and the town's main artisan quarters depending on traffic. The famed Tegallalang Rice Terrace is a short 15-minute drive away.

Design & Architecture

Designed by Lumbung Architect — Andri Saputra, the resort draws from the Balinese philosophy of *Snail*: to slow down, relax, and reconnect with one's inner balance. Bamboo craftsmanship, gentle circular forms, and natural materials follow the contours of the terraces. Each villa is oriented for privacy and framed by calming views. Spiritual artistry appears subtly including a sculptural guardian created to honor Balinese heritage and to symbolize strength, purity, and divine protection. A central tiered pool forms the social heart of the property, expressing both symmetry and serenity.

A tiered pool forms the central gathering space, complemented by a sculptural focal point that reinforces balance and symmetry. A striking Hindu deity sculpture adorned with gold detailing, stands as a tribute to Bali's spiritual heritage.

Together, these architectural elements create a serene fusion of nature, culture, and artistry resulting in a distinctive environment where luxury is deeply aligned with Balinese spirituality, craftsmanship, and a sense of timeless harmony.

Turndown Ritual

The evening turndown service is scheduled to be performed within the window of 17:00 to 19:00. The service is focused on creating a suitable sleep environment by adjusting the lighting—specifically by switching on the bedside and balcony lamps to create a cozy nighttime atmosphere. Guests are also provided with a sleep kit, which includes an earplug, an eye mask, and a "daily ambience room" scented pillow mist.

Arrival Welcome Ritual

The welcome ritual, which lasts precisely 5 minutes, begins with an aromatic note featuring a Feet Ritual with white tea and finishes with a Peppermint Foot Mist spray/treatment. Guests are offered a White Ossibori hand towel infused with frangipani essential oil upon arrival.

Sleep Concierge Personalisation

The hotel offers an extensive Pillow Selection with eight different variants, including Hypoallergenic Microfiber (firm and soft), Synthetic (firm and soft), a mini compact microfiber pillow, latex, memory foam, and Goose Down pillows (firm and soft).

Wellness

Wellness at Equipoise is guided by the principle of balance, a quiet return to alignment with oneself and the natural world. Daily practices unfold with ease: slow breath, restored presence, renewed clarity. Private arrangements are available for guests seeking deeper immersion.

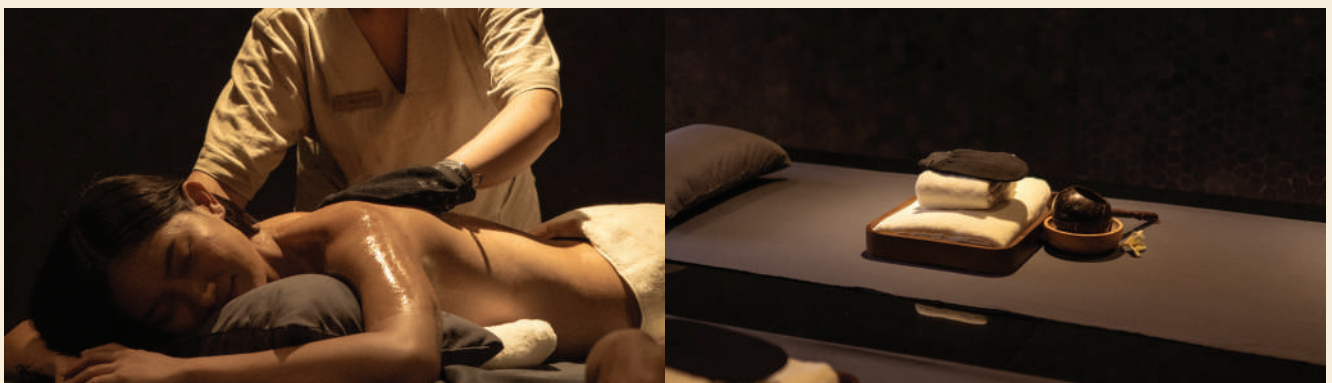

Hammana Spa

A sanctuary shaped by stillness, where Balinese ancestral wisdom meets contemporary refinement. Every ritual begins with a Wariga consultation to identify your Urip life-energy number, the foundation for a treatment tailored to your elemental harmony.

A bespoke Elemental Alignment Blend is then prepared, using the exact number of essential-oil drops needed to nourish your governing element:

Fire (Agni), Water (Apah), Earth (Prithvi), Air (Vayu), or Ether (Akasha).

Touch becomes an intentional, pressure guided by intuition and rhythmic flow. Spaces formed from bamboo and softened light support the nervous system's return to calm. Renewal unfolds gradually, grounded, personal, and sincere.

Holistic Practices

Yoga, meditation, and mindful movement are offered in open-air spaces shaped by the surrounding valley. Breath synchronizes with nature, encouraging a slower pace and deeper awareness. Energy balancing and spiritual sessions are available for those seeking more profound recalibration.

Experiences

Calm and thoughtful introductions to Balinese culture, wellbeing, and craft offered in small gatherings or intimately in private. Designed with restraint and respect, experiences unfold gently, guided by the rhythm of the valley and the people who call it home. Availability adjusts with season, light, and the natural flow of life around us.

Cultural Connections

Artists from nearby communities share their heritage in quiet, personal settings. Traditional dance, bamboo music, and storytelling are offered not as spectacle, but as living expressions of identity. Each moment invites presence, listening, and an appreciation for lineage carried into the now.

Romantic & Private Evenings

Quiet celebrations unfold beneath starlight or within the privacy of one's villa. Candlelight dinners and cinema nights are crafted with simplicity and elegance, ensuring every detail feels just for two. Nothing is rushed; attention arrives softly, and only when needed.

Gastronomy & Crafted Moments

Dining and tasting experiences explore provenance, seasonality, and the subtlety of local craft. Mixology and wine rituals introduce guests to flavors shaped by history, terroir, and thoughtful restraint. Guidance is offered only when welcomed – allowing discovery to feel personal and unhurried.

Seasonal Discoveries

Explorations reflect the shifting rhythm of the terraces and the valley beyond. Nature walks reveal gentle encounters with daily village life, verdant fields, and horizon views. After dusk, the sky takes the lead – an invitation to look upward and breathe with the night.

All experiences are offered with intention, crafted to deepen connection to place, to culture, and to oneself.

Policies

The check-in time for this property is set at 2 PM, while the check-out time is at 12 noon.

The hotel maintains strict policies: children are not allowed to stay, and pets are also not permitted.

Finally, regarding the smoking policy, smoking is not allowed inside the rooms.
