CAPTAIN SALT'S JOURNEY – A COCKTAIL MAP

Created by Oleksii Kotik - Top 3 World Class Bartender Indonesia 2025

Captain Salt, a fearless and curious sailor, set out across the vast ocean in search of stories, places, and spirits that would shape his journey. Every stop marked a discovery - every moment, a memory preserved in a glass.

He began his voyage with **Captain Salt** - a symbol of bold beginnings and the call of the unknown.

In the depths, he met the elusive **Kraken**, a reminder of the ocean's unpredictable power.

Chasing the richness of the sea, he hunted **Tuna**, refining his skills and learning the value of patience and precision.

From the seafloor, he recovered a **Pearl** - a moment of calm, clarity, and hidden beauty in the ocean's silence.

He later arrived at a floating **Teahouse**, where reflection and ritual blended into peaceful pause.

Further ashore, among green fields and wild herbs, he found **Kemangi** - a land shaped by warmth, simplicity, and local spirit.

On a quiet island, Captain Salt stumbled upon a beehive carved into stone. Here, he tasted the harmony of nature through **Beekeeper** - a stop filled with balance and lightness.

Drifting into warmer waters, he discovered fermented fruits and smoke in the air - the mark of **Pineapple**, born from fire and sun.

In the coastal village of **Tabia Bun**, rich spices and bold flavors introduced him to new traditions and unexpected hospitality.

He continued his journey through a lush garden, where the scent of **Frangipani** led him to a woman by the shore - a fleeting encounter, but one he never forgot.

Sailing westward, he shared laughter over roasted snacks and stories around the fire. That memory lived on as **Peanut** - a symbol of comfort, playfulness, and friendship.

And as dusk fell, he reached the edge of a distant reef, where cacao beans dried under a setting sun. Here, **Cocoa** marked the final chapter - grounded, strong, and deeply rooted in the soul of the sea.
